

## Scholars from Rutgers University Governor's School of Engineering and Technology race to build Rubik's Cube mosaics

*July 18, 2014, Liberty Science Center Web Site*

On Wednesday we welcomed students from the [Rutgers Governor's School of Engineering and Technology](#) as they competed in a Rubik's Cube Mosaic competition. Crowds cheered them on as they solved 225 Rubik's Cube to form a mosaic of Albert Einstein.

Eight scholars worked together to complete the 15 x 15 mosaic in the quickest time.

The competition was one of many [Beyond Rubik's Cube](#) Creativity Festival events Liberty Science Center is hosting through November.
